THE METAL INDUSTRY
WITH WHICH ARE INCORPORATED
THE ALUMINUM WORLD, THE BRASS FOUNDER AND FINISHER, THE ELECTRO-PLATERS REVIEW, COPPER AND BRASS
A TRADE JOURNAL RELATING TO METALS AND ALLOYS

Index of Volume II

JANUARY—DECEMBER, 1913

THE METAL INDUSTRY PUBLISHING COMPANY, 99 John Street, New York

ARTICLES MARKED (*) ARE ILLUSTRATED.

ARTICLES

A

Page.
Abrasive, Artificial, The New-Boro-Carbone 525
*Alloys, Non-Ferrous, The Nomenclature of. 480
Alloys, Non-Ferrous, The Nomenclature of. 517
Aluminum Alloys, Influence of Pouring Temperature on 167
*Aluminum, Alloying of..... 340
Aluminum as Flux..... 425
*Aluminum Castings, Some Large..... 119
Aluminum, Dip Process for Matting..... 292
Aluminum, Improving the Quality of..... 9
Aluminum Industry, Condition of the..... 8
Aluminum, Recent Applications of..... 347
Aluminum, The Corrosion of 204, 260
American Brass Company, Annual Report of 80
American Indian Memorial 113
*Art Metal Work, The Influence of Style on the, of Modern Times..... 332
*Automatic Machinery, Its Place in Modern Manufacture 420
Automobile Bronzes, Specifications 129

B

*Bearing Metals, A Study of, and Methods of Testing 295
Brass and Bronze, Electro-Deposition of.... 170
Brass and Copper Plating of the Future... 173
*Brass Founding, Hints on 10, 216
Brass, How Much Coal Does It Take to Melt a Pound of..... 88
*Brass Manufacturing Firm, How a, Cut Its Expenses on Grinding One Line of Tools. 390
*Brass Manufacturing Plant, Increasing the Efficiency of 13
*Brass, Oxygen in 215
*Brass, Wrought, The Manufacture of...18, 337
*Bronze Castings, A Plant for the Manufacture of Large Manganese 287
*Bronze, Manganese, Casting a 27,000 Pound, Propeller Wheel 71
Bronze, Sheet, For Safety Chains and the Like 303

C

*Canadian Plant for Making Steam, Air, Gas and Water Works Metal Goods..... 127
Carborundum and Alundum..... 249
*Casting Shop, A Model 155, 206
*Castings, Statuary and Ornamental..... 505
*Chemistry to Electro-Plating, The Relation of 28, 78
*Chicago Exhibition and Foundry Conventions, The 388
*Chicago Convention, The 457
*Chicago, The Convention City..... 416
*Chicago, The, Foundry Convention and Exhibition 413
*Chicago Show, The 474
Competition, Unintelligent 247
Copper Alloys, Commercial, The Approximate Melting Points of Some..... 514
Copper, Arsenical, The Use of, for Making Cold Rolled Brass 76
*Copper and Brass, Oxygen in, The Determination of 379-511
Copper, Corrosion of..... 524
*Copper, High-Conductivity, The Commercial Casting of Sound 81
Copper—Its Uses in Large Electrical Works 376
Copper-Manganese Alloys, Making and Using 23
Corrosion, The Micro-Chemistry of..... 430
Copper, Rolled, Blisters on 115
Copper, The Rolling of 205
*Copper, The Tinning of 122
Copper-Zinc Alloys, Colors of 27
*Core Boxes, Modern Method of Manufacturing Metal, used on Plumbing and Steam Brass Goods 202
Cost Systems 299
Crucibles, Color of 246
Crucible and Furnace Relationship..... 166

D

*Deposits, Electrolytic, Factors Influencing the Nature of 32, 83
*Design, The Importance of, in the Development of the Art Metal Industry.... 15
Diamond Tools 343
*Die Castings, A Practical Nickel Solution for Plating 11
*Dies, Combination 87, 169, 248
*Dies, Curling, Wiring and Seaming..... 248

E

*Emery and Polishing Wheels..... 342
Extrusion Metal, The Coloring of 126

F

Felts, Polishing, German Manufacture of... 73
*Finishes, Bronze 160
*Flatware Blanks, Evolution of 200
Flatware, The Replating of 331
*Fluxes, Soldering, for Soft Solder..... 506
*Foundry, Automobile, A Model..... 475
Foundry Brass of the Future, The..... 482
Furnaces, Brass Foundry 423

G

Galvanized Iron Chain, The Electro-Plating of 84
Galvanizing, New Method of 484
*German Silver, The Microstructure of..209, 253
*Glass and China, The Practical Methods Employed for Silver Deposit on..... 69
*Glass Tubes, A Method of Silver Plating, and Their Use 31
Gold and Platinum Fillings, Separating.... 123
Gold, Solid, Rolled Plate and Filled..... 256
Gold Solution, The Rose 252
Gold, The Electro-Deposition of 250
Gray Iron, Preparing, for Polishing and Plating 254

I

Iron, Gray, Preparing, for Polishing and Plating 118

L

Lacquer, Fires in, Extinguishing of, with Sawdust 119
Lacquer, More Talk on the Use of 113
*Lead, The Origin and Peculiarities of 34
*Lighting, Foundry and Workshop..... 383

M

Machine for Tinning Sheet Metal..... 382
*Machines and Tools, The Proper Care of, in the Manufacture of Brass and Metal Goods 290
*Metal, Acid-Resisting, Large Pumps of.... 26
Metal, Bearing 245
*Metal Cast, The Relation of, to Floor Area of Factory 111
Metal Coloring, Arsenic as an Agent in.... 124
Metal Conservation 347
Metal Failures, A New Factor in..... 7
Metal, Porous 203
*Metals, Electric Cleaning of..... 510
Metals, The Joining of 128, 217
*Metals, The Overhauling of..... 521
*Metals, The Use of, in Large Engineering Projects 372
*Metal Tubing, New Medium for Manufacturing 428
*Metal Work of the "New York"..... 330
*Michigan Smelting & Refining Company, Plant of 1
*Milling Cutters and Similar Tools, Casting, in High-Speed Steel 22
*Muffles, Annealing 162

N

Nickel Plating 213
*Nickel Plating Solution, The Filtering, Agitating and Heating of 344
Nickel, The Determination of, by the Use of Dimethylglyoxime 345
Nickel, The Electrodeposition of, ...261, 293, 334, 381
Nickel, Tin and Zinc Baths..... 522

P

*Pewter Ware 114
Plater's Story, A 378
Plating as a Science..... 433
*Plating Plant, A Model (Spirella Company) 20
*Plating Room, Efficiency and Economy in the 19
*Plating Room, Three Wire System for a.. 165
*Platinum Clips and Filings, Benefit of Melting Over, in Your Own Factory 424
*Platinum, Recovering Full Value From, Scraps and Filings 211
Polishing and Buffing Room, The Dust Problem in a 125
*Punches, Hollow, and Fluid Dies..... 513
*Pyrometers, Foundry 24, 79, 116

S

Scientific Management 258
Scientific Management in the Foundry, Some Aids to 158
*Sherardizing, About 16, 74
Shop, The Back of the 289
*Silver, A Problem in Rolling..... 77
Silver, Imitating 346
*Silver: Its Extraction, Structure and Novelty 243
Silver Plating, Practical Experience in..... 336
*Silver Solution, The.....29, 85, 301
Silvering of Mirrors, The..... 523
Soldering on White Metal, The Art of..... 426
Solder, Soft 305
*Spotting-Out and Silver Plating.....477-508
*Steel and Iron, The Cleaning 419
Steel, Oxidizing Sheet, Hot and Cold Methods of 375
*Swords, The Manufacture of Japanese, with References to the Swords of Other Countries 304

265134

Technical Books 35
Tubes, Condenser, The Corrosion of..... 386

U

Utensils, Domestic, in India 382

W

Welding—The Joining of Metals 128, 217
Wheels, Felt Polishing, Pertinent Facts Regarding 86

AUTHORS

Adelstein, Morris. *Benefit of Melting Over Platinum Clips and Filings in Your Own Factory 424
*Arthur W.—Soldering Fluxes for Soft Solder 506
Backus, G. G. *"The Three Wire System" for a Plating Room..... 165
Bailey, G. H. The Corrosion of Aluminum. 204, 260
Barrier, Edward A. *Extinguishing of Fires in Lacquer with Sawdust..... 119
Bartley, Jonathan. Color of Crucibles 246
Bartley, Jonathan. Crucible and Furnace Relationship 166
Bengough, G. D., and Jones, R. M. The Corrosion of Condenser Tubes..... 386
Bennett, C. W. The Electrodeposition of Brass and Bronze 170
Blair, David Wesley. *Process of Treating Copper 268
Blair, P. W. *Modern Method of Manufacturing Metal Core Boxes Used in Plumbing and Steam Brass Goods..... 202
Blair, P. W. *How a Brass Manufacturing Firm Cut Its Expenses on Grinding One Line of Tools 390
Blair, P. W. *Increasing the Efficiency of a Brass Manufacturing Plant 13
Blair, P. W. *The Proper Care of Machine and Tools in the Manufacture of Brass and Metal Goods 290
Blair, P. W. *The Relation of Metal Cast to Floor Area of Factory 111
Blassett, Emmanuel, Jr. Arsenic as an Agent in Metal Coloring 124
Blassett, Emmanuel, Jr. The Silvering of Mirrors 523
Blassett, Jr., Emmanuel. The Replating of Flatware 331
Brown, Percy S. The Determination of Nickel by the Use of Dimethylglyoxime.. 343
*Burgess C. F.—Spotting-Out and Silver Plating 477-508
Burgess, Chas. F. *The Relation of Chemistry to Electro-Plating 28, 78
Burgess, G. K. *The Nomenclature of Non-Ferrous Alloys 480
Cochell, S. A. Carborundum and Alundum. 249
Cook, C. W. *Evolution of Flatware Blanks 200
Corse, W. M. Some Aids to Scientific Management in the Foundry 138
Davis, Frank P. More Talk on the Use of Lacquer 113
Dean, W. R. *Casting a 27,000 Pound Manganese Bronze Propeller Wheel..... 71
Dean, W. R. *Hints on Brass Founding..10, 216
Delter, James F. The Back of the Shop... 289
Desch, Cecil H., and Whyte, Samuel. The Micro-Chemistry of Corrosion..... 430
Dietz, Ernest. *A Problem in Rolling Silver. 77
Dietz, Ernest. *Casting Milling Cutters and Similar Tools in High-Speed Steel..... 22
